## **Assembly Team Builds Record-Breaking 70th Apache Sprayer in One Month**

MOORESVILLE, Ind., November 2, 2012 — It was a record-breaking month for the men and women working the assembly line at Equipment Technologies this past October. The team built its 70<sup>th</sup> Apache sprayer in one month, surpassing the previous record of 69 sprayers.

“I am proud to work with this great group whose standards of excellence imposed upon themselves and the team are manifested in an outstanding product we are so honored to be a part of,” says CEO Matt Hays. “All employees of ET and our various companies should also feel proud knowing that their efforts contribute to this impressive milestone.”

“It’s a testament to the great group of people we have working to assemble our sprayers,” says director of manufacturing Adam Kivett. “We have a team atmosphere up and down the line that really resonates in each worker. I’m proud of this accomplishment and I know our assembly workers are too.”

Equipment Technologies is the largest independently-owned manufacturer of self-propelled sprayers in North America. Operating from its 168,000 square foot headquarters in Mooresville, Ind., the company distributes its sprayers throughout North America, Ukraine and Australia through a network of independent dealers.
