

WHY RUN WITH APACHE?

THE APACHE MODEL AS730 SPRAYER

Comfort. Speed. Accuracy. Efficiency. That's exactly what you get from every Apache sprayer. They're built to handle the everyday (and not-so-everyday) field conditions with a higher standard of comfort and performance. And, because all we do is build sprayers, we're 100% focused on building the best sprayers in the industry, backed by the best warranty in the industry.

The Apache AS730 sprayer was engineered for the farmer looking for do-it-yourself control and peace of mind. Featuring a 750-gallon tank and mechanical drive, it's simple to operate and nimble enough to work in field conditions competitive sprayers can't. It's 10,100 pounds lighter than a Deere R4030, reducing yield-robbing compaction. When the days are long, its 30 mph road speed will get you to the next field (or home) faster.

UNIQUE FEATURES OF THE AS730

Tank Capacity

750 gallons

Transmission

JCB transmission
Power Shift, 4-speed

Engine

Tier 4F 173 hp
Cummins engine

Top Road Speed

30 MPH

Weight

19,700 lbs (approx. dry weight)

Crop Clearance

42" with JCB planetary final drives
50" clearance with 18" drop box all-gear final drives (optional)

THE APACHE MODEL AS730 SPRAYER

Specifications

Tank Capacity	750 gallons
Transmission	JCB transmission Power Shift, 4-speed
Engine	Tier 4F 173 hp Cummins engine
Top Road Speed	30 MPH
Weight	19,700 lb (approximate dry weight)
Crop Clearance	42" with JCB planetary final drives 50" with 18" drop box all-gear final drives (optional)
Fuel Capacity	90 gallons
DEF Tank	5 gallons
Suspension	Patented independent hydraulic
Brakes	Fully-enclosed, self-adjusting, internal wet disc brakes
Front Tires	380/80R38 (narrow and semi-float options available)
Rear Tires	380/90R46 (narrow, semi-float and full-float options available)
Transport Width and Height	144" maximum
Overall Length	290" maximum
Booms	ET custom boom straight 90' or 100' or 60'/90' ET custom boom Pommier straight 120' or 132'
Product Pump	HYPRO® hydraulically-driven centrifugal product pump
Rinse Tank	100 gallons
Cab	ET custom pressurized state-of-the-art interior and console
Precision Application Equipment	Raven Hawkeye™ or Trimble (factory installed)

All model year 2017 Apache sprayers are available with optional ISOBUS-ready wiring in lieu of factory installed field computers. Refer to your specific precision agriculture product documentation for compatibility information. Equipment Technologies factory installs all field computers using CAN bus wiring and protocols.
